## Resident Landowner Privileges

West Virginia resident landowners may hunt on their own land without obtaining a license. See definition of resident landowner privileges on page 7.

A resident landowner hunting on his/her own land without a license can take the same number of deer as a licensed hunter. A hunter (licensee or landowner) cannot take more than the number of deer allowed in the respective seasons.

After killing a deer as a landowner, a person cannot take another deer by use of a license for which the privilege has already been used. Example - if a landowner has a Class X or A license and kills a deer on his own land during a deer season, the landowner cannot use the Class X or A license to kill another deer. He/she can check the deer in as a landowner kill or on the Class X or A license. Either way, the Class X or A privilege has been used for that season.

## Nonresident License Privileges

**Nonresidents ages 8 thru 17 who have satisfactorily completed a Hunter Education Course may purchase a Class XXJ license and a Class CS/LE stamp:**

entitles the holder to take one deer during the archery season, one antlered deer during the buck season, and one deer during the muzzleloader season.

**Additional stamps must be purchased:**

- to hunt an additional antlered deer in buck season: Class RRG
- to archery hunt an additional deer: Class RRB
- to hunt antlerless deer in antlerless season: Class NN
- to hunt an additional deer with a muzzleloader in muzzleloader season: Class RRM

**All other nonresidents, regardless of landowner status, must purchase an annual Class E license and a Class CS/ LE stamp:**

entitles the holder to hunt one antlered deer during the buck season.

**Additional stamps must be purchased:**

- to hunt an additional antlered deer in buck season: Class RRG

- to hunt an additional deer with a muzzleloader in muzzleloader season: Class RRM
- to hunt antlerless deer in antlerless season: Class NN
- to hunt on national forest lands: Class I
- to hunt with a handgun: Class A-1

## Hunting Hours and Restrictions

After a person has killed his/her legal daily limit of deer, they may not participate further in hunting deer with either a bow or firearm the remainder of the day.

After killing the legal limit of deer, a hunter shall not be afield with any firearm with solid ball ammunition, unless legally hunting bear, or shot shells containing larger than No. 4 shot unless legally hunting waterfowl using nontoxic shot.

It is legal to hunt small game during the muzzleloader season with a .22 caliber or smaller rimfire.

**A hunter may take no more than three antlered deer per calendar year in all seasons combined.**

# General Regulations - Deer

## Firearms/Bows and Equipment

### It is illegal to hunt deer with:

- a shotgun using ammunition loaded with more than one solid ball, or a rifle using rimfire ammunition of less than .25 caliber.
- a fully automatic rifle, shotgun or handgun.
- a handgun using a straight-walled case of less than .357 magnum cartridge or a bottle-necked case of less than .24 caliber.
- a muzzleloader of less than .38 caliber during the muzzleloader deer season.
- both a gun and a bow, or with a gun and any arrows, except that persons having a concealed weapons permit may carry a concealed handgun for self-defense only.
- a crossbow, except for the holder of a Class Y permit during designated archery seasons.
- a crossbow having:
  - a draw weight less than 125 pounds.
  - no working safety.
  - bolts less than 18 inches long.
  - broadheads with less than two edges less than  $\frac{3}{4}$  -inch wide.
- a bow with arrows having less than two sharp cutting edges, measuring less than  $\frac{3}{4}$  of an inch in width.
- a bow locking device, except with a modified bow permit issued by the Director.
- an arrow with an explosive, drug-laced or poisoned head or shaft.
- anything other than a bow or single-shot muzzleloading firearm on Green Bottom WMA.
- an electronic call.

## Baiting and Feeding Regulations

It is illegal to bait or feed cervids or other wildlife in a "Containment Area" as determined by the Director and established for the management, control or eradication of chronic wasting disease, bovine tuberculosis, avian influenza or other wildlife diseases. Provided, that song and insectivorous birds may be fed within 100 feet of an occupied dwelling. Provided further, that captive cervids may be fed inside cervid facilities permitted by the Division of Natural Resources.

See pages 14, 17, 19 and 21.

## Blaze Orange Requirement

Persons hunting in counties or portions thereof where a deer firearms season is presently open shall wear a blaze orange outer garment of at least 400 square inches. This applies to counties or parts thereof with a special youth/Class Q deer hunt. This does not apply to waterfowl hunters and persons engaged in farming activities on their own land.

## Field Tagging, Checking and Transporting

Each person killing a deer must, within one hour and before moving the carcass from where it was killed, complete and attach the game field tag supplied with his/her license. If no field tag has been supplied, then the hunter must make a field tag. This tag must bear the hunter's name, address, hunting license number (if required) and the date, time and county of kill. The field tag must remain on the carcass until it is dressed for consumption.

The unskinned carcass or the fresh skin and head of each deer, shall be delivered to a conservation officer or an official checking station for checking and retagging:

1. before it is transported beyond the county adjacent to the county of kill,
2. within 72 hours from when it was killed or 24 hours from the close of the respective season, whichever comes first.

All deer killed in Logan, McDowell, Mingo or Wyoming counties shall be checked and retagged at an official game checking station in the four-county area within 24 hours of the time of kill. Deer killed outside these four counties may not be checked within the four-county area. A hunter may not hunt deer until the day after any previously killed deer has been checked, except for that portion of the antlerless deer season during which two deer may be taken on the same day on private land provided the first deer has been legally checked.

No person may transport wildlife killed by another hunter, unless the wildlife or parts thereof is accompanied by a paper tag filled out legibly bearing the signature, address, date of kill, hunting license number (if required) and the official game checking tag number (if required) of the hunter who killed the wildlife. The tag shall also specify the species and quantity of wildlife.

## Hampshire County Containment Area

See Special Regulations regarding transportation of cervids from CWD Containment Area (pages 14, 17, 19 and 21).
