ADDITIONAL BUCK SEASON GUN STAMPS

Class RG and Class RRG

During a calendar year, a resident may purchase only one Class RG stamp and a nonresident may purchase only one Class RRG stamp.

Only one deer may be taken with a Class RG or Class RRG stamp. The Class RG and Class RRG stamps must be purchased prior to the opening of buck season. The Class RG and Class RRG stamps are valid for buck hunting in all counties open to buck season.

To take an additional deer, all residents, except resident landowners (see page 10) hunting on their own land or holders of a Class DT license, are required to purchase a Class RG stamp. All nonresidents are required to purchase a Class RRG stamp or possess a Class DT license if they choose to take an additional deer (see license requirements on page 11).

There are 23 counties (see pages 13, 18 and 20) that require buck firearms hunters to take an antlerless deer during the antlerless firearms deer season prior to harvesting a second antlered deer during the buck firearms season.

Deer taken on a base license or license stamp combination or Class RG or RRG stamps may be checked in any order.

CONCURRENT HUNTING DURING BUCK DEER SEASON

Antlerless deer hunting is legal on private land in 51 counties or portions thereof and all public lands having an antlerless season November 25 – December 7, 2013. To hunt antlerless deer during the buck season, a valid Class N or NN stamp or Class DT license is required for all hunters except for resident landowners (see page 10) hunting on their own land. **A hunter may harvest two deer per day, but only one antlered deer may be harvested per day. The first deer does not have to be legally checked by a Natural Resources Police officer or at an official checking station prior to harvesting the second deer in the same day. However, all deer legally harvested must be checked by a Natural Resources Police officer or at an official checking station for retagging prior to hunting during a subsequent day.**

Small game hunting is prohibited during the first three days of buck season in all counties having a buck season; provided, waterfowl hunting is legal on lakes, rivers and waterways during the open waterfowl season, bear hunting is legal in specified counties, and coyote hunting is legal. Small game hunting is legal during open small game seasons beginning November 28, 2013. While hunting small game during the buck season, No. 4 shot or smaller and slugs may be carried with a shotgun only if the hunter is legally hunting deer or bear.

A combination rifle-shotgun (over-under, etc.) is legal for deer hunting and concurrent small game hunting.

After killing the legal daily or season bag limit of deer, a hunter shall not be afield with any firearm with solid ball ammunition (unless legally hunting bear) or shot shells containing larger than No. 4 shot. Waterfowl hunters may use nontoxic shot larger than No. 4.

It is illegal to hunt small game during the buck season with any centerfire, with any rimfire larger than .22 caliber, or with a shotgun using solid ball ammunition or shot larger than No. 4 in a county that is not open to buck season.

Archery hunting for antlered and antlerless deer is legal during buck season subject to all archery deer hunting regulations. A bow may be substituted for a firearm to take antlered deer, or if hunting on a Class N or NN stamp or Class DT license, antlerless deer may be taken during the buck season on private land in specified counties and on specified public lands (see pages 16-18).

All persons hunting during a deer firearms season, except those engaged in farming activities on their own land and waterfowl hunters, must wear at least 400 square inches of blaze orange as an outer garment.
