Resident and Nonresident License Privileges with a Class DT Special Hunting and Fishing License for Persons with a Life-Threatening Condition

A resident or nonresident under age 21 who qualifies for and obtains a Class DT license, may hunt for and take the legal number of deer allowed in each season in compliance with county and statewide regulations without purchasing or otherwise obtaining any additional licenses or stamps, providing the Class DT license holder and assistant abides by all other pertinent laws and regulations. Class DT license holders must be accompanied by a parent, guardian, or with written consent of the parent or guardian, or any other competent licensed adult 21 years of age or older.

Nonresident License Privileges

Nonresidents (ages 8 through 17) who have satisfactorily completed a Hunter Education Course may purchase a Class XXJ license or AAHJ license (without the training) and a Class CS/LE stamp are entitled to take one deer during the archery or crossbow seasons, one antlered deer during the buck firearms season, and one deer during the muzzleloader season.

Additional stamps must be purchased:

- to hunt an additional antlered deer in the buck firearms season: Class RRG
- to hunt an additional deer during the archery or crossbow seasons: Class RRB
- to hunt antlerless deer in antlerless season: Class NN
- to hunt an additional deer in muzzleloader season: Class RRM

All other nonresidents, except those who hold License Classes XXJ, AAHJ or DT, regardless of landowner status, must purchase an annual Class E or AAH license and a Class CS/LE stamp. This entitles the holder to hunt one antlered deer during the buck firearms season.

Additional stamps must be purchased:

- to hunt an additional antlered deer in the buck firearms season: Class RRG
- to hunt deer during the archery or crossbow seasons: Class UU
- to hunt an additional deer during the archery or crossbow seasons: Class RRB
- to hunt deer in muzzleloader season: Class VV
- to hunt an additional deer in muzzleloader season: Class RRM
- to hunt antlerless deer in antlerless season: Class NN
- to hunt on national forest lands: Class I
- to hunt with a handgun: Class A-1

Baiting and Feeding Regulations

It is illegal to bait or feed any wildlife on public land between September 1 and December 31 and during the spring gobbler seasons. It is also illegal to bait or feed at any time on Beech Fork Lake, Bluestone Lake, Burnsville Lake and McClintic WMAs and on Coopers Rock and Calvin Price State Forests (see pages 26, 28 and 30).

Blaze Orange Requirement

Persons hunting in counties or portions thereof where a deer firearms season is presently open shall wear a blaze orange outer garment of at least 400 square inches. This applies to counties or parts thereof with the special youth/Class Q/qq/XS antlerless deer season. This applies to the Mountaineer Heritage Season. This does not apply to waterfowl hunters and persons engaged in farming activities on their own land.

Hunting Hours and Restrictions

You may hunt deer from 1/2 hour before sunrise until 1/2 hour after sunset (see chart on page 20).

After a person has killed his/her legal daily limit of deer, they may not participate further in hunting deer with either a bow, crossbow or firearm the remainder of the day.

After killing the legal limit of deer, a hunter shall not be afield with any firearm with solid ball ammunition unless legally hunting bear, or shot shells containing larger than No. 4 shot unless legally hunting waterfowl using nontoxic shot.

It is legal to hunt small game during the muzzleloader season with a .22 caliber rimfire.

A hunter may take no more than three antlered deer during the regular deer seasons and the following Mountaineer Heritage Season combined.

Replacement Costs for Illegally Injuring or Killing Antlered Deer

In addition to the \$200 replacement value of deer, the following cost shall also be forfeited to the state by any person who is convicted of violating any criminal law of this state and the violation causes the injury or death of antlered deer:

1. For any deer in which the inside spread of the main beams on the antlers measured at the widest point equals 14" or greater but less than 16" – \$1,000;
2. For any deer in which the inside spread of the main beams on the antlers measured at the widest point equals 16" or greater but less than 18" – \$1,500;
3. For any deer in which the inside spread of the main beams on the antlers measured at the widest point equals 18" or greater but less than 20" – \$2,000;
4. For any deer in which the inside spread of the main beams on the antlers measured at the widest point equals 20" or greater – \$2,500;
5. Any person convicted of a second or subsequent violation of any criminal law of this state which violation causes the injury or death of antlered deer is subject to double the authorized range of cost to be forfeited.

DESIGNATED CWD SAMPLING STATIONS

All adult deer harvested by hunters on November 19 and 20, 2018 within the CWD Containment Area counties of Berkeley and Mineral are required to be brought to a designated CWD sampling station for carcass examination and sampling between the hours of 9 a.m. and 8 p.m. Hunters are reminded that they are still required to check their deer via telephone, internet or at a license agent. This action is necessary to increase WVDNR's ability to monitor CWD and increase cost effectiveness of placing WVDNR personnel at sampling locations to examine deer carcasses in Berkeley and Mineral counties.

Field Tagging, Checking and Transporting

Each person killing a deer must attach a completed field tag to the deer or remain with the deer and have upon their person a completed field tag before moving the carcass from where it was killed. A person who does not have a field tag must make one. This tag must bear the hunter's name, address, hunting license number (if required) and the date, time and county of kill. Immediately upon arriving at a residence, camp, hunting lodge, vehicle or vessel, the field tag shall be attached to the deer and must remain on the carcass until it is tagged with a DNR-issued game tag number.

Each deer shall be electronically registered and a DNR-issued 13-digit game check number, hunter's name and address shall be attached to the deer:

1. before it is transported beyond the county adjacent to the county of kill,
2. within 72 hours from when it was killed or 24 hours from the close of the respective season, whichever comes first.

The game tag number, hunter's name and address shall remain on the deer until it is dressed for consumption.

A hunter may harvest two deer on the same day, but only one antlered buck may be harvested on the same day. The first deer does not have to be electronically registered prior to harvesting the second deer in the same day. However, all deer legally harvested must be electronically registered and legally tagged prior to hunting during a subsequent day.

No person may transport or possess wildlife killed by another hunter, unless the wildlife or parts thereof is accompanied by a paper tag filled out legibly bearing the signature, address, date of kill, hunting license number (if required) and the DNR-issued 13-digit game check number (if required) of the hunter who killed the wildlife. The tag shall also specify the species and quantity of wildlife.

WEST VIRGINIA CHRONIC WASTING DISEASE (CWD) CONTAINMENT AREA

Includes all of Berkeley*, Grant, Hampshire, Hardy, Jefferson, Mineral* and Morgan counties.

Carcass Transport Regulations

Hunters are prohibited from transporting dead cervids (deer, elk, etc.) or their parts beyond the boundaries of Berkeley, Hampshire, Hardy, Mineral, and Morgan counties (shaded area) except for the following:

- meat that has been boned out,
- quarters or other portions of meat with no part of the spinal column or head attached,
- cleaned hide with no head attached,
- clean skull plate (no meat or tissue attached) with antlers attached,
- antlers with no meat or tissue attached, and
- finished taxidermy mounts

Hunters may transport whole cervid carcasses that were not killed inside Berkeley, Hampshire, Hardy, Mineral and Morgan counties through the containment area.

Baiting/Feeding Restriction Regulations

It is illegal to bait or feed cervids or other wildlife in a "Containment Area" as determined by the Director and established for the management, control or eradication of chronic wasting disease or other wildlife diseases. Song and insectivorous birds may be fed, provided that such feeding shall not cause, or be done in a manner that would be reasonably anticipated to cause a congregation of cervids or other wildlife. Provided further, that captive cervids may be fed inside cervid facilities permitted by the state Department of Agriculture.
