

-Spider Web-

Materials Needed:

- White yarn or streamers
- Tape
- Hallway

Instructions:

1. Tape one end of your yarn or streamers to one side of the hallway.
2. Tape back and forth at different angles and lengths to create a maze for the students to have to maneuver through.
3. The students act as a bug starting on one end of the 'web' and trying to get through without touching the yarn or streamers.
